EXPERIENCE

Frontend Instructor

May 2025 - Feb 2026

euroTech Study GmbH

- Taught remote cohorts HTML, CSS, JavaScript, React, and Next.js with project-based curricula.
- Mentored students through capstones and code reviews until they could ship independently.

Co-Founder & Frontend Developer

Oct 2024 - Present

TemCraft Tech

- Co-founded TemCraft Tech and shipped client and product work on React / Next.js.
- Owned frontend architecture, delivery, and production UIs on Vercel.

Frontend Developer

Oct 2024 - May 2025

NAGE

- Shipped TypeScript / Next.js UI against backend APIs.
- Built reusable components and partnered on contract-first API integration.

Frontend Instructor

Jun 2024 - Oct 2024

Wise Quarter

- Part-time frontend training from JavaScript fundamentals through React.
- Reviewed student pull requests and required every project to be deployed.

Frontend Instructor

Feb 2024 - Oct 2024

Eypes

- Remote classes covering HTML, CSS, JavaScript, then React and Tailwind.
- Wired Firebase auth and data into course projects; live-debugged student code.

Frontend Developer

Aug 2023 - Feb 2024

Freelance

- Responsive React / Tailwind pages from client Figma, plus maintenance of existing sites.

Backend Developer

Mar 2023 - Jun 2023

ASSA Teknoloji

- REST endpoints in Django REST Framework and C# on ASP.NET.
- Defined API contracts consumed by a Next.js / TypeScript client.

Freelance Web Developer

Jul 2022 - Mar 2023

Freelance

- Small-business sites with Next.js and Tailwind, plus basic on-page SEO and hosting setup.

EDUCATION

Computer Engineering

Kocaeli University
