EXPERIENCE

Frontend Instructor
May 2025 - Feb 2026

euroTech Study GmbH

- Taught remote cohorts HTML, CSS, JavaScript, React, and Next.js through project-based curricula.
- Mentored students one-on-one through capstone projects and code reviews until they could ship on their own.

Co-Founder & Frontend Developer
Oct 2024 - Present

TemCraft Tech

- Co-founded TemCraft Tech and shipped client and product work with React and Next.js.
- Owned the frontend: architecture, code quality, and delivery dates for SaaS and AI-assisted apps.

Frontend Developer
Oct 2024 - May 2025

NAGE

- Built TypeScript and Next.js UI features against backend APIs, with an eye on performance.
- Built reusable components and layouts shared across product screens.

Frontend Instructor
Jun 2024 - Oct 2024

Wise Quarter

- Taught part-time frontend classes, from JavaScript fundamentals to React components.
- Set up a shared Git workflow (branches, pull requests, commit conventions) and reviewed student PRs line by line.

Frontend Instructor
Feb 2024 - Oct 2024

Eypes

- Taught remote classes: HTML, CSS, and JavaScript first, then React and Tailwind.
- Used Firebase for auth and data in lessons and course projects.

Frontend Developer
Aug 2023 - Feb 2024

Freelance

- Built responsive React and Tailwind pages from client Figma designs.
- Took over existing sites to fix bugs and add features.

Backend Developer
Mar 2023 - Jun 2023

ASSA Teknoloji

- Built REST endpoints in Django REST Framework and C# on ASP.NET.
- Agreed API contracts with frontend developers for a Next.js and TypeScript client.

Freelance Web Developer

Jul 2022 - Mar 2023

Freelance

- Built small-business websites from scratch with Next.js and Tailwind.
- Added basic on-page SEO (meta tags, semantic HTML, sitemaps), set up hosting, and fixed slow images.
